

Steveston Interchange Project

Traffic impact: Northbound loop ramp closures and Highway 99 detour beginning July 30

July 2024

The work to complete the girder installation for stage one of the new Steveston Highway overpass will occur overnight, starting the evening of Tuesday, July 30, and concluding in the early morning of Friday, August 2.

As a result of this work, the eastbound to northbound loop ramp onto Highway 99 will be closed between 10 p.m. and 5 a.m. Traffic will be rerouted on site to access the northbound on-ramp.

In addition, a full Highway 99 closure is required to move heavy equipment across the highway overnight on Tuesday, July 30. Vehicles travelling on Highway 99 will be detoured using the on- and off-ramps at Steveston Highway.

To minimize traffic disruptions, the Highway 99 detour will only be in place between 11 p.m. and 4.30 a.m.

East-west travel on Steveston Highway will be maintained for vehicles, pedestrians, and cyclists. Existing transit stops will be maintained in all directions.

For questions about construction, please email StevestonProject@flatironcorp.com or call 1-888-270-1075 (24/7).

What to Expect

Timing

- > Northbound loop ramp closure 3 consecutive nights from July 30 - August 2
- > Highway 99 closure on July 30

Hours of Work

- > Northbound loop ramp: 10 p.m. to 5 a.m.
- > Highway 99 detour: 11 p.m. to 4.30 a.m.

Traffic

- > Northbound loop ramp closure
- > Eastbound traffic on Steveston Highway rerouted to access Highway 99 northbound
- > Highway 99 detour using ramps

Impacts/Interruptions

- > Expect minor delays
- > Moderate noise and light from construction equipment
